25th October 2003

- **MIUA:** available in library.
- **BMVC:** attracts international attention; strong in 1990; particularly strong in 1992 and until late 90's.
- **ICPR:** fair importance or less.
- **IPMI:** one to browse, published every 2 years; high quality.
- **CVPR:** like BMVC; American conference, published once in two years (in alternation with IPMI).
- **ICCV:** international conference of average quality.
- **ECCV:** international conference of average quality.
- **SPIE:** also worth browsing; conference on medical imaging; has a lot of dross, but also includes some interesting stuff.
