Agreed Upon

- Not much has been agreed upon. The sole focus now is the writing up of the project's perception. Skeleton of the technical report needs to be available by next meeting.
- Conversion tools will need to be found, **BibTex** ▷ **EndNote** being a main concern.

Reading

- TFC's summary on ASM's and AAM's.
- Rhodri Davies' papers.

Progress Made

- Confer the document written thus far:

<http://www.danielsorogon.com/Webmaster/Research/Progress/Reports/rss1103.pdf>

- I got in touch with Mark Ginsburg from the University of Arizona to discuss the citations conversion tool that he created and maintains. It *appears* to be bug-free.

Next Stage

- Continuation of the current work (as the first section indicates).
